

DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1, 4, 8, and 10, it is not clear how the counting unit as claimed counts thrombus by combining thrombus detected by a detector detecting ultrasound waves and thrombus detected by detector detecting light beams.

Regarding claims 2-3, 5-7, 9 and 11-13, they are rejected because they depend on rejected claims.

Appropriate correction is required.
